Mr. BATES, from the committee on Ways and Means—A bill for the benefit of Henry Woodyard: passed.

CONGRESSIONAL APPORTIONMENT The House proceeded to a nate the special order, namely, the resolution offered by Mr. WOODSON, and the subsettice ther are offered. VOODSON, and the subsettice there is not by Mr. M. C. JOHNSON, (both on Satirlay last relation to the proper basis of Congressional

The resolution of Mr. WOODSON is as fel-Resolved, That the committee appoints i !

his Haus to apport on and lay off the State in a Congressional Districts, shall adopt as the pasis of apportionment, the number of the thite inhabitants in the State, as shown by the usus of 1850. The subststute of Mr. M. C. JOHNSON is as

ollows:
Resolved, That the Fe leval representative pure of 1540 shall milation according to the sens s of 1550 shall be the basis for apportioning the Cot gressional

Districts.)
Mr. WOODSON moved the following, as a substitute for both resolutions: Resolved, That the committee appoint 1 by

this House to lay off the State into Congressional districts, be and they are hereby instructed to this House to ray on the state of the all districts, be and they are hereby instructed to base the apportion ment of representation upon the number of qualified roters in the State, as shown by the second Auditors' Report for 1551.

Mr. M. C. JOHNSON said that the basis of apportioning the Congressional Districts from posed in the substitute, was in accordance with the Federal Constitution. The basis in the resolution entirely excludes all consideration of slaves, addrough the slaves cave to tke thicky two or nearly two Representatives in Congress. districting the State, that they gave in increasing the number of Representives would be fair to every section, and do injustice to note. Were there districts in which to re was not a slav, they could not complain if they lead a rapres a tative for every \$0,000 inhabitants, which is number that gives a representative. They can humber that gives a representative. They ent. I have no cause of complaint that they are intallowed to appropriate to themserves the representatives which the slaves in other sections, according to H. Lederal Co. stitution, give to the State. He considered the proposition of the good deman from Knox as a repudiation of the pro-ciple of the Constitution giving a three lifths reresentation to slaves. It is well known that he Northern States oppose this principle as anjust to them, and no a goment can be arged a regard to the district that will not apply equally to the State. He did not expect to hear in opposition to it from a slave State, and he couldn't was wholly investment for a slave. bought it was wholly inexpedient for a slave State to unite with Northern States in (p. 68) tion torit. He hoped, therefore, that his substi-tute would be a lopted.

Mr. WOODSON remarked in substance: 1st. That there is nothing in the Constitution of the United States, requiring the federal basis to be adopted by the States, in apportuning Congressional representation. The Constitution only declares that "representation and dis-The prestion being taken the amendment of the basis to be a lope tenturely to the States. As an evidence of this contact with the States. they were entitled under the general ticket system, and as a matter of course three fifths of the slaves did not vote. Nor does the act of Corgress, under which the present Legislature is called upon to act, require any particular basis to be adopted—it only declares that the States shall be faid off into as many districts as each

State is entitled to numbers 2d. The only reason which induced the fram ers of the Constitution to adopt the basis which they did, was the idea of direct taxation as connected with representation. As an evolence of this he referred to the Madison papers, and paticularly to Mr. Sherman's speech in the convention upon the subject

In the third place, the federal basis gives to certain counties and districts an improper ad-vantage. For instance, the county of Whitiey has 7246 free white inhabitants and only 200 staves. Woodford county has 6059 free inhabitants and 6176 slaves! This Williley with 1167 more free white inhabitants than Whodford, gams by her slaves to the federal basis only 120, whilst Woodford gams by her's 3826? Further. In the 11th judicial district there are, as shown by the cens is of 1850 57,199 free white inhabitants and 35,104 slaves whilst in the 12th judicial district, which lies ndjoining, there are 57.469 free white inhabi-tants, and only 2752 slaves. Thus the 11th listrict gains by her slaves 21,160, whilst that 112th, with 380 more free white inhabitants, only willingly submitted to. And whilst he was as A bill to suppress the oirendation of foreign far as any member upon this flour from cherishbank notes in this Commonwealth.

On motion of Mr. MUNDAY, said bill was sire to interfere with the constitutional rights. A bill to exempt the homestead from sale un-er execution.
